ORACLE

Building Modern Business Applications with Oracle Cloud's Platform Services

Richard Garsthagen
Director Cloud Business Development EMEA

Safe Harbor Statement

The following is intended to outline our general product direction. It is intended for information purposes only, and may not be incorporated into any contract. It is not a commitment to deliver any material, code, or functionality, and should not be relied upon in making purchasing decisions. The development, release, and timing of any features or functionality described for Oracle's products remains at the sole discretion of Oracle.

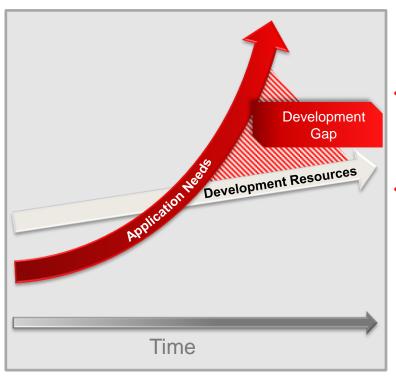

TRANSFORMING

YOUR BUSINESS SO YOU CAN
DELIVER OR CONSUME IT AS A SERVICE AND
GAIN A COMPETITIVE ADVANTAGE

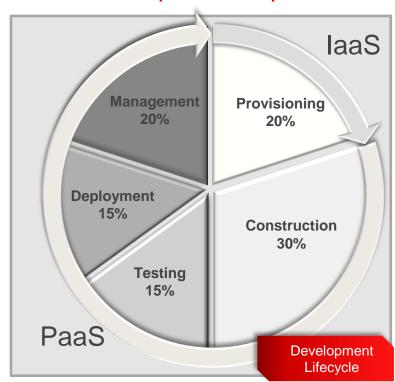

What's Driving the Cloud for Developers

Address the Development Gap and Transform Development Experience

- Dramatically reduce provisioning, deployment and management time
- Increase throughput and quality with more efficient construction and testing

ORACLE
